

**REMINDER NOTICE - TOWN ORDINANCE  
FOR AUTOMATIC LAWN SPRINKLERS**

- Applies only to **unattended** watering systems. This includes automatic watering systems for lawns, shrubs and trees. Unattended means that the watering system is without human supervision while watering.
- Applies to all properties regardless of whether they are served by a private well or are on the public water system. Also applies to private water associations.
- Watering is permitted by Area. There are only two Areas, the North Area and the South Area with Horseneck Road the dividing line. Horseneck Road properties are in the South Area.
- Watering is permitted only three days a week in each Area.
- Watering is not permitted on **MONDAYS** in either Area.
- Rain Sensors are required on all new automatic watering installations.
- NJ State Water Restrictions, should they be imposed, would supersede local ordinances. They can be more strict but not less strict. Should the state impose odd/even-watering schedules, Montville would remain on the two-Area system, which is equivalent.

**13.04.470 Water management areas**

The Township shall be divided into two water management Areas. North Area shall divide at Horseneck Road and River Road from Changebridge Road to Knoll Road extending into the entire lands north.
