Health Officer Reports

Old Lane sewer project 97 homes were ordered to connect to public sewer, they were broken up into three sections. 24 homes had to connect by April 10, 30 homes by May 17, and 43 homes by August 14. Of the

first group 19 have connected, four have paid their connections fees, and one is a potential exemption case. In the second group 20 have connected, nine have paid their connections fees, and one is a potential exemption case. In the last group 20 have connected. In April we had our health fair and in May we had two health education events. We also had two elevated blood level cases in May for different children, we did an investigation both are not related to each other. The source of the elevated blood levels was unfounded but follow up testing will be done, pertaining to blood work.
